

Message from the President & CEO

A steady start to the year with Q1 interim results delivering an optimistic forecast for our targets.

There has been a downturn in the Construction business and as such it has required a strategic diversion to compensate this by driving the Services Division to increase Turnover and new product lines.

To this end, every effort is made to increase our margins in Construction Division and pleasingly Dream Pools are exceeding their Sales Targets along with increased activities in Pest Control and Cleaning.

Dream One Fire & Safety Services are making steady progress, and construction works for their warehouse/testing station is well underway.

I trust you find this month's issue interesting and look forward to advising you more of the exciting times in Dream Group in the coming months.

Mr. Jamal Alkooheji
President & CEO
