To meet the ever changing needs of our clients, Protect Security Services have undergone a total re-structure during the month of April. Our Control Room is now fully operational 24/7 and we have increased our Mobile Patrol Team to 7 to give support to our operational teams who are now on hand to support any increase in security activity and to support our clients day to day requirements.

QZS continue their growth landing yet another significant contract this time at KHUH providing External Industrial cleaning and washing of the hospital operational vehicles. This new contract increased the manning levels to what is now our the largest manpower contract ever, delivering International Standards for our clients in Bahrain's most prestigious hospital.

As always with growth in any Company, Technical and Health & Safety training is at the forefront of our operation and as such this continues to be a major focus for our Group. This month, multiple staff attended the Ministry of Health's Health & Safety Forum at the Gulf Hotel Bahrain.

I trust you find this issue interesting and look forward to sharing more with you in the coming months.
